Territorial Highway Program Funds may be available for eligible surface transportation projects, cost-effective preventative maintenance activities, road improvements including planning, environmental studies, and design, construction, operation, and maintenance of highways.	\$45 million	Formula	\$4,500,000
Transit Capital Assistance Under the new energy program, funding is also distributed for capital investments that will assist in reducing the energy consumption or greenhouse gas emissions of their public transportation systems.	\$6.9 billion	Formula/ Competitive grants	\$1,114,292
Grants-in-Aid for Airports: Rehabilitate Runways The funds for the Grant-in-Airports are used for the planning and development of a safe and efficient national airport system to satisfy the needs of the aviation interests of the United States. This includes airport improvement grants for development projects that enhance capacity, safety, and security, as well as for aircraft noise compatibility planning and programs.	\$1.1 billion	Formula	\$5,000,000
Leaking Underground Storage Tank Trust Through the Leaking Underground Storage Tanks Program, EPA provides resources to states and territories for the oversight, enforcement and cleanup of petroleum releases from underground storage tanks. The money may be used either to oversee assessing and cleaning up underground tank leaks, or directly pay for assessing and cleaning up leaks from federally regulated tanks where the responsible party is unknown, unwilling, unable, or the cleanup is an emergency response. The Recovery Act money for cleaning up underground storage tank leaks is intended to stimulate jobs such as those necessary to perform site assessments and cleanup activities.	\$190.7 million	Competitive	\$57,000
Brownfields Projects Funds are provided for Brownfields competitive grants to address environmental site assessment and cleanup, 25 percent of which are mandated by law to address petroleum contamination. Funds will capitalize revolving funds and provide low interest loans, job training grants and technical assistance to local governments and non-profit organizations.	\$100 million	Competitive	
Diesel Emission Reduction Act (DERA) provides grants and loans to states and local governments for projects that reduce diesel emission. Priority projects include those that maximize public health benefits by significantly reducing particulate matter emissions which are a significant threat to both human health and a likely contributor to global warming. The program also targets geographic areas with high air pollution and air toxics and areas that receive a disproportionate quantity of air pollution, such as truck stops and ports.	\$300 million	Competitive	
Clean Water State Revolving Funds program awards annual capitalization grants to states as a long-term source of state financing a) for the construction of publicly owned wastewater treatment facilities, b) for the implementation of non-point water quality management activities, and c) for the development and implementation of comprehensive estuary conservation and management plans.	\$4 billion	Formula	\$1,551,700
National Park Service Installation of Grid Connection to Solar Array at the Visitor Center of the American Memorial Park in Saipan.	\$750 million	Formula	\$747,000
Drinking Water State Revolving Funds provides grants, distributed by formula, to states to capitalize their revolving loan funds which then finance drinking waterinfrastructure improvements.	\$2 billion	Formula	\$1,902,000
Weatherization provides grants to states and directs funding to state energy offices. States use grants to address their energy priorities and program funding to adopt emerging renewable energy and energy efficiency technologies. This funding will provide resources for activities in state energy offices, including key initiatives such as residential, commercial and governmental building energy efficiency retrofits.	\$5 billion	Formula	\$795,206
State Energy Enables low income families to reduce energy bills by making homes more energy efficient. Services include attic, wall and basement insulation, blower-door-guided air leakage reduction; heating system repairs or replacement; and health and safety testing and inspections.	\$3.1 billion	Formula	\$18,500,000
Energy Efficiency and Conservation Block Grant Assists local governments in implementing strategies to reduce fossil fuel emissions created as a result of activities within the jurisdictions of the eligible entities and reduce the total energy use.	\$3.2 billion	Formula	\$9,593,500
Dislocated Workers State Grant to provide services to individuals who have been terminated or laid off, or have received notice of termination or layoff, from employment generally due to company closures or downsizing.	\$1.25 billion	Formula	\$595,309
Youth State Grants Youth Program provides services to youth ages 14-24. The main thrust of the Youth Program is to increase the focus on longer-term academic and occupational learning opportunities and provide long-term comprehensive service strategies through summer jobs and training programs.	\$1.2 billion	Formula	\$512,149
Adult State Grants Intended to be customer-focused, to help Americans access the tools they need to manage their careers through information and high quality services, and to help companies find skilled workers.	\$500 million	Formula	\$205,279
Community Service Employment for Older Americans			

Community service and work based training program for older workers. Provides subsidized, part-time community service work based training for low-income persons age 55 or older who have poor employment prospects.	\$120 million	Formula	\$390,000
Youth Build provide education and construction skills training for disadvantaged youth. Participating youth work primarily through mentorship and apprenticeship programs to rehabilitate and construct housing for low-income families.	\$50 million	Competitive	
High Growth and Emerging Industry Sectors to provide worker training and placement in high growth and emerging industry sectors. For research, labor exchange, and job training prospects that prepare workers for careers in deconstruction and materials use industry, energy efficient building, construction, and retrofits industries.	\$750 million	Competitive	
Child Care and Development Block Grant Program The Child Care and Development Fund (CCDF) is the primary Federal program specifically devoted to child care services and quality. Fund will allow states across the country to support child care services for more families whose children require care while they are working, seeking employment or receiving job training or education. The funds will be used by states to provide vouchers to families for child care or to provide access to care through contracts with child care centers.	\$2 billion	Formula	\$1,823,015
Children and Families Services Programs (Head Start/Early Head Start) Child development programs with overall goal of increasing school readiness of young children in low income families.	\$2.1 billion	Formula	\$340,000

Public health efforts in tobacco control and diabetes prevention and control are critical to promoting the overarching goals of "Healthy People 2010", to increase the length and quality of life and eliminate health disparities. This program announcement addresses the focus areas of Tobacco Use, Educational and Community-Based Programs, Diabetes, and Surveillance and Data Systems.	\$3 million	Formula	\$221,128
Community Services Program Funds to address the needs of low-income individuals to ameliorate the causes and conditions of poverty. Eligible entities use funds to provide services and activities addressing employment, education, housing, nutrition, and emergency services to combat the central causes of poverty. The services that are currently provided by community organizations that receive CSBG funds include Job training and placement assistance, financial programs such as credit counseling, nutrition programs that provide meals for vulnerable families and community agencies that bring public and private resources together to assist families in need.	\$1 billion	Formula	\$770,658
Senior Nutrition: Programs	\$100 million	Formula	\$60,625
Senior Nutrition: Congregate provides funding for the provision of meals and related services in an array of congregate settings, which help keep older Americans healthy and prevent the need for more costly medical interventions. The program also presents opportunities for social engagement and meaningful volunteer roles, which contribute to overall health and well-being.	\$65 million	Formula	\$40,625
Senior Nutrition: Home-delivered provides funding for the delivery of meals and related services to seniors that are homebound. Home-delivered meals are often the first in-home service that an older adult receives, and the program is a key access point for the other home and community-based services.	\$32 million	Formula	\$20,000
Medicaid Insular areas have the following two options for benefits: (a) 6.2% increase in the Federal Medicaid Assistance Percentages (FMAP) plus 15% increase in the cap on Medicaid payments; OR (b) 30% increase in the cap on Medicaid payments.	\$86.6 billion	Formula (based on 30% increase in the cap on Medicaid payments)	\$6,500,000
National Health Service Corps Funds will be used for training primary healthcare providers including doctors, dentists, and nurses as well as helping pay medical school expenses for students who agree to practice in underserved communities through the National Health Service Corps.	\$300 million	Competitive	
Immunization Grant Program The Section 317 program provides funding for immunization operations and infrastructure necessary to implement a comprehensive immunization program at the federal, state, and local levels. The funding will be used to purchase vaccines as well as to deliver vaccines and strengthen vaccination programs.	\$300 million	Formula	\$337,000
Community Development Block Grants enables local governments to undertake a wide range of activities intended to create suitable living environments, provide decent affordable housing and create economic opportunities, primarily for persons of low and moderate income.	\$1 billion	Formula	\$1,374,719
Home Investment Partnership Program (HOME) Partners with local non-profit groups to build, buy, and/or rehabilitate affordable housing for rent or homeownership or provide direct rental assistance to low-income people. **The funds for HOME Program were originally intended to be regular HOME funds appropriated through ARRA. Before the passage, the HOME funds were switched out of the bills in favor of \$2.25 billion of Tax Credit Assistance Program funds. TCAP funds have no HOME requirements and can only be used in Low Income Housing Tax Credit projects.			
Neighborhood Stabilization Program Funds can be used by grantees to purchase and redevelop foreclosed homes, purchase and rehabilitate abandoned or foreclosed-upon homes, establish land banks, demolish blighted structures, and redevelop demolished or vacant properties as housing.	\$2 billion	Formula	\$364,162
Homelessness Prevention Program provide financial assistance and services to prevent individuals and families from becoming homeless and help those who are experiencing homelessness to be quickly re-housed and stabilized. The funds under this program are intended to target individuals and families who would be homeless but for this assistance.	\$1.5 billion	Formula	\$589,165
Project-Based Rental Assistance The Section 8 Program was authorized by Congress in 1974 and developed by HUD to provide rental subsidies for eligible tenant families (including single persons) residing in newly constructed, rehabilitated and existing rental and cooperative apartment projects.	\$2 billion	Formula	\$104,208
Earned Income Tax Credit The EITC is a credit for certain people who work. You (and your spouse, if you are filing a joint return) and any qualifying children listed on schedule EIC need valid social security numbers. Find out if you are eligible for the Earned Income Tax Credit or EITC by answering some questions and providing basic income information. The program also assists you in determining your correct filing status, determining whether your child(ren) meets the tests for a qualifying child, and estimating the amount of credit you may receive.		Tax credit of \$400 for individuals and \$800 for married couples filing jointly.	
Social Security A person is eligible for this allowance if he or she received Social Security, Supplemental Security Income (SSI) or Veterans benefits at any time during the months of November 2008, December 2008 or January 2009. The payment will be made separately from other benefits provided by the Social Security Administration (SSA).		\$250 would be paid to persons who receive Social Security and Veteran benefits.	
Higher Education Tax Credit allows you to claim a tuition deduction of up to \$4,000 of qualified education expenses paid during the year for yourself, your spouse, or you're dependent. You cannot claim this deduction if you're filing status is married filing separately or if another person can claim an exemption for you as a dependent on his or her tax return. The qualified expenses must be for higher education.		Up to \$2,500 of the cost of college tuition and other related expenses in 2009 and 2010.
